

GENEVA DIGITAL HEALTH DAY

30th May 2024
Program

gdhub

Geneva Digital Health Hub

DEAR PARTICIPANTS

Welcome to the inaugural edition of the Geneva Digital Health Day! We are delighted to host this event at Campus Biotech in Geneva, on the sidelines of the World Health Assembly, bringing together healthcare professionals, innovators, policy makers and academics to share insights, experiences, and solutions in the field of digital health.

This event is organized by the **Geneva Digital Health Hub** (gdhub) in partnership with the **Global Initiative on Digital Health** (GIDH), the **University of Geneva** (UNIGE), the **Swiss Agency for Development and Cooperation** (SDC), the **Geneva Health Forum** (GHF), **AI for Life**, and **Campus Biotech**. We are also honored to have the World Health Organization as a co-sponsor for the Geneva Digital Health Day.

The gdhub was founded in 2021 by the University of Geneva in collaboration with the Swiss Agency for Development and Cooperation and builds on more than 20 years of experience in developing, deploying, and evaluating digital health tools in low- and middle-income countries in Africa, Asia, and Latin America, as well as in Switzerland and Europe. Our mission is to reduce fragmentation of efforts, improve sustainability, and demonstrate the impact of digital health.

The Geneva Digital Health Hub is committed to **enabling science-based policy and decision-making, fostering sustainable value creation, and promoting active learning and collaboration** to support responsible digital health development, implementation, and uptake.

In recognition of the importance of collaboration, convening, and the sharing of knowledge and experience, we thank you for being with us today. We look forward to an inspiring and productive day of discussion and collaboration.

The Geneva Digital Health Hub (gdhub) Team & Partners

HEALTH EQUITY IN THE DIGITAL AGE: BRIDGING THE DIVIDE

AGENDA

Location: Campus Biotech, Auditorium
Date: May 30th
Time: 08:30 am – 10.00 am
Masters of Ceremony: Awa Babington-Ashaye, Oleg Bronov

SCHEDULE

08:30 AM	Welcome	Caroline Perrin
08:35 AM	Beyond Policy: Operationalizing Data Governance for Digital Health Equity (Keynote)	Riccardo Lampariello
08:45 AM	Bridging Gaps, Predicting Futures: Transforming Last-Mile Health Care through Digital Innovations from the Global South (Keynote)	Pranav Savanur, Saachi Dalal
08:55 AM	Achieving Health Equity: Strategies and Challenges in the Digital Health Landscape	Javier Elkin, Jessica Mayenda, David Brown, Philippe Guinot, Laurie Werner, Rebecca Stevens Alder (Moderator)
09:25 AM	Revolutionising how Africans Access Medication: A Pharmarun Story (Solution Pitch)	Teniola Adedeji
09:30 AM	Taking Oral healthcare to the Last Mile: A phygital approach (Solution Pitch)	Aishwarya Rohatgi
09:35 AM	Digital technology as a dynamic Global Health tool and opportunity to make Global Health Education and	Janet Michel

Global Health Mentorship equitable
(Solution Pitch)

09:40 AM A landscape analysis of Digital Health Interventions in Original Languages for Native Populations of Peru, Bolivia and Guatemala (Keynote) Daniel Otzoy Garcia

WORKSHOPS

Digital Health as a catalyst to advance gender equality and accelerate progress towards UHC

The poster is divided into three main sections. The top left features the Geneva Digital Health Day logo. The top center, on a yellow background, displays the date '30 May 2024' and the time '8.30 - 10:00 | Campus Biotech, Geneva'. The top right, on a dark blue background, lists the 'Objectives' in white text. The middle section, on a light orange background, features the workshop title and six circular portraits of participants with their names and affiliations. The bottom right of this section has a yellow 'JOIN US' button. The bottom of the poster displays a row of logos for the partner organizations: Transform Health, SpeakUpAfrica, White Ribbon Alliance, Young Experts Tech for Health, and gdhub.

Geneva Digital Health Day

30 May 2024
8.30 - 10:00 | Campus Biotech, Geneva

Workshop: Digital Health as a catalyst to advance gender equality and accelerate progress towards UHC

Objectives

- ❖ Present a new policy brief outlining positions on the intersection of gender and digital health, while setting out key areas and opportunities where Transform Health and our partners aim to play a strategic role to drive progress in this area.
- ❖ Build consensus, forging a joint vision, and strengthening collaboration around needed action to close the gender digital divide.

JOIN US

Participants:

- Kirsten Mathieson, Transform Health
- Yacine Djibo, Speak up Africa
- Jules Gaye, Living Goods
- Kristy Kade, Advocate and Strategist
- Caesar Kogoziga, YET4H
- Rigveda Kadam, FIND

Partners: Transform Health, SpeakUpAfrica, WHITE RIBBON ALLIANCE, YOUNG EXPERTS TECH FOR HEALTH, gdhub (Geneva Digital Health Hub)

ROOM: H8-01-D

Transform Health, IntraHealth, Speak Up Africa, , White Ribbon Alliance, Young Experts Tech for Health (YET4H)

This session will convene a workshop around key issues, opportunities and priorities within gender and digital health, with the aim of building consensus, forging a joint vision, and strengthening collaboration around needed action. The session will see the launch of the new gender and digital health policy brief by Transform Health, which will set the scene for the discussion.

Empowering African Women in Digital Health: Strategies for Inclusive Growth and Leadership

Geneva
Digital
Health
Day

30 May 2024

8:30 - 10:00 | Campus Biotech, Geneva

Aims

- ❖ Unveil and deconstruct the hurdles faced by African women in digital health
- ❖ Advocate for gender-inclusive digital health policies and strategies at both national and regional echelons
- ❖ Develop strong and actionable strategies to fortify the representation and leadership of African women in the digital health ecosystem at all levels

Speak Up Africa

This 90-minute workshop aims to unveil and deconstruct the hurdles faced by African women in digital health; advocate for gender-inclusive digital health policies and strategies at both national and regional echelons; and develop strong and actionable strategies to fortify the representation and leadership of African women in the digital health ecosystem at all levels. By the end of the session, all elements will be gathered to create the 'African Digital Health Equity Roadmap', a comprehensive guide that outlines the steps, strategies, and commitments needed to close the digital health gender gap in Africa. It will encapsulate the experiences, recommendations, and actionable steps identified, serving as an advocacy tool for stakeholders to foster a more inclusive and empowering digital health ecosystem for African women.

GUIDING DIGITAL HEALTH: STRATEGIES STEERING DIGITAL TRANSFORMATION

AGENDA

Geneva
Digital
Health
Day

Location: Campus Biotech, Auditorium
Date: May 30th
Time: 10:30 am – 12.00 pm
Masters of Ceremony: Chineye Fabian Adili-George, Mirana Randriambelonoro

SCHEDULE

10:30 AM	Welcome	Ambassador Benedikt Wechsler
10:35 AM	Global Initiative on Digital Health (Lightning Talk)	Derrick Muneene
10:40 AM	Measuring global maturity and progress of Digital Health (Panel)	Patty Mechael, Derrick Muneene
11:00 AM	Digital Health Science Map	Douglas Teodoro
11:05 AM	A Dashboard To Support The Value Assessment Of Digital Health Technologies For Health Technology Assessment Agencies (Lightning Talk)	Gurmit Sandhu
11:10 AM	Developing new service model to rehabilitation (Lightning Talk)	Hannu Vuola
11:15 AM	Modelling impact and cost-effectiveness of a digital data capture and decision support tool (Neotree) designed to improve neonatal survival in Zimbabwe (Keynote)	Tom Palmer
11:25 AM	Implementome (Lightning Talk)	Mirana Randriambelonoro

11:30 AM	Policy Considerations for the Cross Border Trade of Telehealth (Lightning Talk)	Joscelyn Magdeleine
11:35 AM	Global Telehealth Community of Practice	Edwin Mulwa
11:40 AM	Data before AI (Lightning Talk)	Rajendra Pratap Gupta
11:45 AM	Digital Health solutions for preventing opioid overdose deaths (SaaS/SaMD) (Lightning Talk)	Chandana Unnithan
11:50 AM	Digital Connected Diagnostics for Public-Private Malaria Surveillance in Kisumu, Kenya (Lightning Talk)	Lisette Schutte
11:55 AM	Bridging the Digital Health Talents Gap in the GCC (Keynote)	Osama Elhassan

WORKSHOPS

More effective and accountable digital health investment - A consultation on a new digital health investment checklist and investment taxonomy

Geneva Digital Health Day

30 May 2024

10:30 - 12:00 | Campus Biotech, Geneva

Objectives

- ❖ Fireside chat on the need and opportunities to optimise digital health investment
- ❖ Consult stakeholders on a draft digital health investment checklist and investment taxonomy to ensure investment supports the equitable, inclusive, sustainable digital transformation of health systems for UHC

Transform Health, health.enabled, PATH, Young Experts Tech for Health

Transform Health (a global coalition of more than 200 organisations), Young Experts Tech for Health (YET4H), PATH and health.enabled are convening a co-creation workshop to consult stakeholders on a draft digital health investment checklist and developing an investment taxonomy. The checklist aims to strengthen investment, ensuring it supports the equitable, inclusive, sustainable digital transformation of health systems, towards Universal Health Coverage (UHC). The workshop will gather feedback and build alignment around criteria that should be included in a checklist; start to build consensus around a digital health investment taxonomy, which would define investment areas in the checklist; and explore what is needed to ensure it is a useful tool for stakeholders and integrated in existing tools and mechanisms.

Stay Left Shift Left 10X - A new doctrine for transforming global health

Geneva
Digital
Health
Day

30 May 2024
10:30 - 12:00 | Campus Biotech, Geneva

Objectives

- ❖ Introduce a new global paradigm for health and wellness
- ❖ Describe the need for a new paradigm based in highly pressurised health systems
- ❖ Describe ten Copernican Shifts driving the new paradigm "Stay Left, Shift left-10X"
- ❖ Introduce the new logic and arithmetic for the paradigm
- ❖ Share 10 examples of the new paradigm at work

AI FOR LIFE: THE INTEGRATION OF AI IN PUBLIC AND PERSONAL HEALTH

AGENDA

Location: Campus Biotech, Auditorium
Date: May 30th
Time: 12:30 am – 14.30 am
Masters of Ceremony: Stephanie Trang

SCHEDULE

12:30 PM	Welcome	Stephanie Trang
12:35 PM	Closing the digital divide using AI (Keynote)	Aurelio Arias
12:45 PM	Antibiogo, a digital health tool to tackle Antimicrobial Resistance in LMIC (Keynote)	Nada Malou
12:55 PM	Enabling Responsible AI for Accessible Diagnosis (Panel)	Rigveda Kadam, Faustine Ndugulile, Laura Arbelaez, Ricardo Baptista Leite, S.T. Setiaji
1:15 PM	Epiguardia: an AI tool to increase efficiency in signal detection using eIOS dashboards (Solution Pitch)	Francisco Rodríguez Cabrera
1:20 PM	AI for pregnancy screening in the world's most low-resource settings (Solution Pitch)	Enya Seguin
1:25 PM	Transforming patient recruitment with AI (Solution Pitch)	Danielle Ralic

1:30 PM	AI4HealthyCities – using data and AI to decipher the true drivers of population health and health equity (Keynote)	Ann Aerts
1:40 PM	Digital Health Privacy and Security with Artificial Intelligence (Panel)	Chandana Unnithan, Victoria Lemieux, Tam Nguyen
2:00 PM	Large AI Models for Health (Keynote)	Marcel Salathé
2:10 PM	The Future of AI (Panel)	Pradeep Kakkattil, Marcel Salathé, Cedric Odje, Stephanie Trang (Moderator)

WORKSHOPS

A Simulation and Solutioning Workshop: Navigating AI in Global Healthcare

Geneva
Digital
Health
Day

30 May 2024

13:00 - 14:30 | Campus Biotech, Geneva

Main Themes

- ❖ Challenges to adoption and scale of AI in public health in LMICs.
- ❖ Augmenting Frontline Health Workers' care delivery pathways leveraging AI solutions.
- ❖ Use of AI in identifying and predicting climate related health risks.
- ❖ AI as a barrier vis-à-vis enabler for achieving UHC and health equity.

PATH

The workshop aims to gather a wide array of diverse stakeholders in the digital health sector to collectively address real-world healthcare challenges and collaboratively devise pragmatic solutions, with a focus on leveraging cutting-edge technologies such as artificial intelligence and machine learning. Participants, including leaders from international organizations, digital health consortiums, not for profits, funding agencies, tech-innovation space will engage in an interactive simulation setting, utilizing their technical skills and collaborative abilities to explore the implementation and scalability of AI for addressing and resolving public health issues.

INNOVATION TO IMPLEMENTATION: SCALING DIGITAL HEALTH GLOBALLY

AGENDA

Location: Campus Biotech, Auditorium
Date: May 30th
Time: 3:00 pm – 4.30 pm
Masters of Ceremony: Sophie Delaigue, Maxime Collin

SCHEDULE

3:00 PM	Welcome	Erika Placella
3:05 PM	How startups address Global Health Challenges – Tackling malaria with AI (Keynote)	Laurent Bonnardot
3:15 PM	The Aga Khan Development Network (Lightning Talk)	Saleem Sayani
3:20 PM	Building partnerships to scale and institutionalize outcomes-oriented digital health solutions (Panel)	Jai Ganesh Udayasankaran, Megha Kumar
3:40 PM	Agora Care a patient-centered platform for medical images (Solution Pitch)	Osman Ratib
3:45 PM	Implementing patient navigation in LMICS: the multiple roles of digital software applications (Solution Pitch)	Mathieu Morand
3:50 PM	A dual quality validation of Concerto application- a mHealth app designed by a Swiss University Hospital to empower patients	Tiffany Corbet

3:55 PM	Lessons learnt from the Global South eHealth Observatory	Léa Matel
4:05 PM	Digital health – trends opportunities and challenges in the context of LMICs (Panel)	Kallol Mukherji, Riccardo Lampariello, Talia Salzmänn, Rigveda Kadam

WORKSHOPS

A digital-first approach for integrating rehabilitation into primary care

Geneva Digital Health Day

30 May 2024

15:00 - 16:30 | Campus Biotech, Geneva

Objectives

- Present key concepts and concrete examples of the solutions on which we are working
- Share our experiences and findings from Rwanda and Indonesia on collaborative problem-solving approaches in digital rehabilitation test beds
- Discuss and brainstorm about the implementation of digital rehabilitation in primary care
- Reflect on opportunities and challenges of integrating the digital-first model into service delivery

JOIN US

Workshop:
A digital-first approach for integrating rehabilitation into primary care

Kari-Pekka Murtonen

Dr. Eeva Aartolahti

ROOM: H8-01-D

Institute of Rehabilitation, Jamk University
Applied Sciences

In this workshop, we will introduce the digital-first model to increase access to rehabilitation in primary care, and present concrete examples of the solutions on which we are working. These include a mobile application for community-based rehabilitation and an AI platform to facilitate the rehabilitation process. We share our experiences and findings on collaborative problem-solving approaches in digital rehabilitation in test beds in Rwanda and Indonesia. With this, we aim to facilitate discussion and brainstorming on the implementation of digital rehabilitation in primary care as well as to reflect on the opportunities and challenges of integrating the digital-first model into service delivery.

SPACE & GLOBAL HEALTH: FROM SATELLITES TO STETHOSCOPES

AGENDA

Location: Campus Biotech, Auditorium
Date: May 30th
Time: 5:00 pm – 6.45 pm
Masters of Ceremony: Awa Babington

SCHEDULE

5:00 PM	Humans in space	Claude Nicollier
5.10 PM	Exploring the frontiers between Space and Global Health	Claude Nicollier and Antoine Geissbuhler
5:25 PM	Addressing climate-sensitive diseases through digital environmental surveillance in SORMAS (Keynote)	Pilar Hernandez
5:35 PM	OH surveillance: Using Earth Observation data for vector-borne diseases in North Africa	Dr.Chadia Wannous
5:45 PM	European Space Agency. Innovating for Space & Global Health (Challenge Pitch session)	Stefano Ferretti, Roberto Biasutti
6:00 PM	Data Governance (Keynote)	Steve MacFeely
6:10 PM	Enhancing better collaboration between Space and Global Health (Panel)	Natália Archinard, Jorge Del Rio Vera, Aygul Duysenhanova, Antoine Geissbuhler, Martyn Clark, Ravi Shankar Santhana Gopala Krishnan
6:30 PM	Concluding Remarks	Markus Reubi

CLINICAL DECISION SUPPORT SYSTEM WORKSHOP

Location: Campus Biotech, Room H8-01-D, H8-01-F
Date: May 30th
Time: 4:45 pm – 7.00 pm
Organizers: WHO, Swiss TPH

ACHIEVING LOCAL AUTHORIZING, PRODUCTION AND SUSTAINABILITY OF PERSON-CENTERED DIGITAL HEALTH SOLUTIONS AT THE POINT OF SERVICE

30 May 2024

16.45 - 19:00 | Campus Biotech, Geneva

Objectives

- ❖ Investigate ways to build multi-stakeholder coalitions to drive the large-scale implementation of digital health initiatives at country-level
- ❖ Explore sustainable funding models to support multi-year digital health initiatives
- ❖ Examine how local authoring and production of digital health solutions can empower local entrepreneurship and drive sustainable digital health transformation
- ❖ Share best practices and discuss strategies to ensure use of quality assured digital health solutions, and the adoption of standards to promote interoperability and data-driven decision (e.g. through SMART Guidelines).
